

April 2007

Dear Peaceful Pathways Friends,

We at *Dinner by Design* understand the needs of busy families and are aware how important meal time is. Parents strive to provide their families with healthy meals and we would like to help bring your family back to the dinner table.

Dinner by Design is America's leading home meal prep kitchen, designed to help families save valuable time so they can enjoy delicious dinners in the comfort of their own home. Dinner by Design allows you to enjoy the meal preparation process and save time – because we do the shopping, chopping and mopping. You're just left with the fun part of cooking – the preparation and assembly of ingredients. For example, in two hours or less, you can make 12 family sized meals (4-6 servings) that you take home, freeze, and then when you're ready, follow the defrosting and cooking instructions provided. You will have a hot, healthy, delicious meal on the table in usually 30 minutes or less.

Imagine serving up family favorites like Crispy Onion Chicken, Confetti Spaghetti, or Parmesan Crusted Pork Chops with virtually no work, even after the busiest of days. How about being a family hero with Dinner by Design specialties like Bruschetta 'n Cheese Stuffed Chicken Breasts, North African Flank Steak, or Lemon Dill Tilapia?

We're very proud to announce a wonderful fundraising opportunity in conjunction with Peaceful Pathways. ***If you make a reservation and come to the kitchen to make meals from now until the end of May, Dinner by Design Yorkville will donate 10% of your receipt back to Peaceful Pathways.*** For a full order of 12 meals (72 servings) the cost is \$199 – or \$2.76/serving. You'll have great meals to serve your family for the next month and you'll have donated \$20 back to your child's school. This offer is not restricted to just immediate families of Peaceful Pathways students. Are there grandparents that live in the area? Friends that have wanted to try Dinner by Design but haven't yet? Invite them to make some meals as well – all benefiting Peaceful Pathways! Just tell us you're there on behalf of Peaceful Pathways when you check out, and we'll take care of the rest. No coupon needed.

Please feel free to stop by the kitchen, which is located on Rt. 34 in Yorkville just west of Cannonball Trail, to take a look around. Our kitchen offers 14 sessions a week and Private Parties are always an option.

Sincerely,

Tom Foster
